Authorization for this examiner's amendment was given in a telephone interview with David Rodrigues on 10/19/05.

The application has been amended as follows:

Cancel claims 17-19.

The following is an examiner's statement of reasons for allowance: The declaration shows that the claimed ratio of polyester to polycarbonate in the polyester/polycarbonate/polyetheresteramide blend results in very low haze. This would overcome any obviousness of adding polyetheresteramide to the polyester/polycarbonate blends of the prior art. The prior art does not recognize anything significant about the narrowly claimed range.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
